## **Regional Safety Manager**

**Location(s):** Billings, MT, Woods Cross, UT or Remote Office Depending on Qualifications

**Description:** EPC Services Company, a leading power/utility engineering consultant and construction firm, has an immediate opening for a full-time regional safety manager.

Duties include managing and improving the corporate safety program; establishing strong professional relationships with our clients' and contractors' safety professionals; leading and encouraging project managers, construction managers and on-site safety representatives; incident reporting and tracking, vetting and supporting the corporate safety specialist when recruiting and hiring on-site safety professionals; monitoring trends in near misses and accidents involving our subcontractors, performing safety observations and training on-site safety professionals, construction managers and project managers in how to perform safety observations, training and supporting our construction managers and subcontractors in daily job planning and task hazard analysis; and helping establish a proactive, positive safety culture in the company.

This position requires a strong working knowledge of OSHA, state and local laws governing safe work requirements; contractual safety terms and conditions; incident/accident reporting best practices; root cause analysis; and pre-job planning with job hazard analysis.

Senior executive leadership's goal is for the company's safety culture to be viewed as a progressive improvement in the industry without delaying or deterring productivity. The ideal candidate will have strong interpersonal skills, the ability to be diplomatic in challenging situations and the ability to create a positive safety culture.

Applicants will be provided a complete job description with the invitation to interview.

**Reporting Structure:** This position falls under the direct supervision of the company's General Counsel and indirect supervision of the Vice President of Business Management.

**Minimum Requirements:** CUSP certificate, 10-15 years direct experience or equivalent combination of education and experience; bachelors of occupational health and safety degree preferred; excellent organizational skills; strong written and verbal communication skills; working knowledge of a variety of computer applications including Microsoft Office (Word, Excel, PowerPoint, and Access), SharePoint and ftp protocol software preferred; occasional travel; driving (ability to be insured to drive company vehicles). The successful applicant will be subject to client-mandated drug and background checking and is subject to EPC Services Company's auto insurance carrier requirements. The successful applicant must not require immigration sponsorship now or in the future.

**Salary commensurate with experience and education. Benefits include:**

- Medical, dental and vision insurance
- Flexible spending account
- Health savings account
- Life insurance
- Disability insurance
- 401(k), profit sharing and employee stock ownership plan
- Paid vacation, personal days and holidays
- Continued professional education reimbursement
