Environmental Planner

Location: Billings, MT

Description: Electrical Consultants, Inc., a leading power engineering consultant firm, has an immediate opening for an experienced environmental planner in its Environmental Services team in Billings, MT. ECI specializes in engineering services to electric utilities (substation, protection, transmission) alternative energy systems, communication, oil/gas, mining and heavy industry. The successful candidate will serve as environmental project manager on the development of federal, state and local environmental documents and other necessary environmental and construction permitting work.

Minimum Requirements: BA/BS in geography, environmental planning, environmental science, engineering or related field; 1-3 years' experience in environmental planning or related experience gained through academic study; excellent communication and organizational skills as well as experience in technical writing is required. Successful applicant is subject to client mandated drug and background checking. Occasional travel/driving required. Successful applicant is subject to ECI's auto insurance carrier requirements. **Successful applicant must not require immigration sponsorship now or in the future.**

Salary commensurate with experience and education. Benefits include:

- Medical, dental and vision insurance
- Flexible spending account
- Health savings account
- Life insurance
- Disability insurance
- 401(k), profit sharing and employee stock ownership plan
- Paid vacation, personal days and holidays
- Continued professional education reimbursement

Electrical Consultants, Inc. (ECI) employs over 450 engineers, designers, project managers, surveyors, ROW agents, environmental planners, construction professionals and support staff in 15 offices across the U.S. The firm has 30 years of experience in the planning, engineering and construction of a wide range of power delivery projects including substations, transmission lines, distribution systems, communication systems and industrial facilities.
