

## **ELECTRICAL CONSULTANTS, INC.**

BILLINGS OFFICE: 3521 GABEL ROAD, BILLINGS, MONTANA 59102 • PHONE: 406-259-9933 • FAX: 406-259-3441

### **Protection Engineer**

**Location:** Billings, MT; Cincinnati, OH; Denver, CO; Madison, WI; San Diego, CA; Phoenix, AZ; or Orlando, FL

**Description:** Electrical Consultants, Inc., a leading power engineering consultant firm, has an immediate opening for an experienced Protection Engineer. ECI specializes in engineering services to electric utilities (substation, protection, transmission) alternative energy systems, communication, oil/gas, mining and heavy industry.

The successful candidate will be responsible for the relay protection and control engineering associated with high voltage substation and transmission projects through 500 kV. This includes preparing calculations and settings for various types of microprocessor based relays as well as development of onelines and schematic diagrams. Occasional travel required.

**Minimum Requirements:** BSEE or equivalent degree, 5+ years direct experience in the development of relay settings or combination of education and experience; PE preferred. Excellent communication, organizational and writing skills.

Successful applicant must meet ECI's auto insurance carrier requirements. Successful applicant may be subject to client mandated drug and background checking. **Successful applicant must not require immigration sponsorship now or in the future.**

**Salary commensurate with experience and education. Benefits package includes:**

- Health, Dental and Vision Insurance
- Flexible Spending Account
- Life Insurance
- Short and Long Term Disability Insurance
- 401(k) Retirement plan
- Employee Stock Ownership Plan (ESOP) – Company Funded
- Profit Sharing up to 15% of base wage (capped)
- Paid vacation, personal days and holidays
- Paid Professional Society Dues
- Continued Professional Education Reimbursement

Electrical Consultants, Inc. (ECI) employs over 450 engineers, designers, project managers, surveyors, ROW agents, environmental planners, construction professionals and support staff in 14 offices across the U.S. The firm has 30 years of experience in the planning, engineering and construction of a wide range of power delivery projects including substations, transmission lines, distribution systems, communication systems and industrial facilities.
